Hi Trish,

REALLY no record of email addresses, how come I have one from 9/28, see attached?

Seems after all these years, our lil girl Barbie wants to play 'hide the salami' with transparency, doesn't it?

I seriously think there is a vast difference in the definition of 'emergency'. Your office has no 'emergency' personnel. What your low level clerical personnel are so knowledgeable, they can barely wipe their nose without asking someone for permission to do it? Please this statement is worthy of a line at a comedy show.

Just remember their emails are just that an email, its not as if Joe Public, is going to go and pull up everyone's Assessor's office records and post them as an 'emergency' contact.

Office emails do NOT qualify as an EMERGENCY contact, now, if I asked for the phone list for all the state paid for cell phones, it would basically fit under that criteria, but, your T-Mobile numbers are still secure.

Gee, you think someone may 'hack' into your system via an email? Its not like YOU WOULD ever do that, right? LOL

I guess its time for another press release and PUC Watchdogs 'opinion' on how the PUC is fantasizing their importance and 'so called' safety/paranoia.

What next, we are going to have to be fingerprinted before coming in as if you are such a high security office? Gee, provide us with state issued ID's?

Your self developed paranoia over the 2nd Amendment, when LAW ABIDING solar people wear open carrying, you went into panic mode, but, gee, no metal dector, you 'survived' that trauma, right?

If you can survive the 'trauma' of someone exercising their rights, by denying them, you can survive an email, capise?

You can tell Garret, the reason for the denial of the contact information is WHY there is a PROBLEM with the PUC. You generate the problem, then try to project it upon the public. It's not 'MY PROBLEM' with the PUC, as he put it in an email, the blame/cause/reason is from your end.

Thanks for the list.

Ms. De Fazio,

Please find attached the records responsive to your request below. We are redacting emergency phone information from the list. Pursuant to Nevada Revised Statute ("NRS") 239.0107(1)(d), if a governmental entity denies a person's request to inspect a public record, or a part thereof, based on the confidential nature of the record, the governmental entity must provide written notice of the existence of the confidential record and a citation to the specific statute or other legal authority supporting the record's confidentiality. Balancing the interest for nondisclosure (office safety) against the general policy in favor of an open and accessible government, the Commission is redacting the emergency contact information.

No record matches your request for employee email addresses. However, this information is available on the Nevada Employee Directory website located at ned.nv.gov. A link to the website is provided below.
