Breanne Potter  
Assistant Commission Secretary  
Public Utilities Commission of Nevada  
1150 E. William Street  
Carson City, NV 89710-3109

RE: Docket No. 12-05003; Non-standard Metering Option "NSMO" Riders  
Compliance Item – Paragraph 2

Dear Ms. Potter:

Paragraph 2 of the Commission's December 24, 2012 Modified Final Order requires Sierra Pacific Power Company d/b/a NV Energy and Nevada Power Company d/b/a NV Energy (collectively, the "Companies") to file new tariff sheets reflecting the results of the Commission's findings. The attached sheets are the only changes necessary to effect the Commission's Order. The revised sheets are:

NPC Electric A.L. 417-R – Sheets 11B and 11B(1)  
SPPC Electric A.L. 533-E-R – Sheets 64D(1) and 64D(2)  
SPPC Gas A.L. 300-G-R – Sheets 3A and 3AA

Attached please find the tariff sheets for the Companies' electric and gas services to comply with the Order. As noted in the tariffs, the Companies selected a mechanical, analog meter for the non-standard meter. The Companies will install refurbished and tested analog meters and secure these meters with a new seal and locking ring.

Should you have any questions about this filing, please call me at 775.834.5697.

Best regards,

/s/ Shawn M. Elicegui  
Shawn M. Elicegui  
Associate General Counsel

**Schedule NSMO-1**  
**TRIAL NON-STANDARD METERING OPTION ("NSMO") RIDER**

(N)

**APPLICABLE**

The NSMO Rider is available to Customers who receive Domestic Service, subject to the special terms and conditions set forth in this Schedule. This NSMO Rider is offered on a trial basis. The Utility will make a filing with the Commission to either update the Trial NSMO Rider, or a proposal to end the Trial NSMO Rider and a transition plan no later than April 1, 2016. Similar to any tariff rate, the rates set forth below may be changed by the Commission following an appropriate filing by the Utility.

**TERRITORY**

Entire Nevada Service Area, as specified.

**DESCRIPTION OF SERVICE**

A Customer who receives Domestic Service may request to have the Utility install a non-standard meter at the Customer's Premise pursuant to this NSMO Rider. Provided that the Customer meets the requirements set forth in the Special Condition section of this NSMO Rider and within a reasonable time of receiving such request, the Utility shall install a non-standard meter as defined in the Metering Equipment section of this NSMO Rider. Customer must request the installation of a non-standard meter by using the methodology specified by the Utility.

**RATES**

\$52.86 – Per Meter Initial Fee;  
\$8.82 – Per Meter Per Month

All rates charged under this NSMO Rider are in addition to charges, rates and fees contained in the Customer's otherwise-applicable rate schedule ("OARS"). Service under this NSMO Rider shall commence following the date of meter installation. Accordingly, the Utility shall include the full amount of the Per-Meter-Initial-Fee and the full amount of the Per-Meter-Per-Month charge on the Customer's first bill following installation of the non-standard meter.

**METERING EQUIPMENT**

The non-standard meter is an analog meter.

**SPECIAL CONDITIONS**

- Application for Service.** Application for service hereunder will be accepted by the Utility on a first-come, first-serve basis and is pursuant to the requirements set forth in this Rider. Required metering equipment will be installed accordingly, subject to availability. Service under this NSMO Rider is limited to 12,000 services.

**Schedule NSMO-1**  
**TRIAL NON-STANDARD METERING OPTION ("NSMO") RIDER**  
**(Continued)**

(N)

**SPECIAL CONDITIONS** (Continued)

2. **Optional Time-of-Use Rates and Net Metering.** A Customer who receives service pursuant to the NSMO Rider is not eligible to receive service under any optional time-of-service schedule (such as Schedule ORS-TOU) offered by the Utility. Likewise, a Customer who receives service pursuant to the NSMO Rider is not eligible to receive service under Schedule NMR or Schedule SSR.
  
3. **Other Optional Programs.** A Customer who receives service pursuant to the NSMO Rider may not be eligible to participate in optional programs offered by the Utility if the Utility determines, in its reasonable discretion, that the NSMO service makes the Customer's participation in the optional program inefficient, not feasible, or too costly.
  
4. **Related Services Located on Same Premise.** A Customer who receives service pursuant to the NSMO Rider and who receives a separately metered service on the same premise may request the Utility to install a non-standard meter for the related service. The Utility may grant the request and install a non-standard meter if the Utility determines, in its discretion, that the separate service is reasonably related to the Domestic Service provided to the Customer. This will be a separate service under this Rider. By way of example and not limitation, the Utility could determine that service to a separately metered, stand-alone garage is reasonably related to the Domestic Service and grant a request to install a non-communicating electric digital meter to the stand-alone garage. If the Utility grants a request to install a non-communicating electric digital meter under this Special Condition 4, the Customer shall pay an additional initial fee and a separate monthly fee for each non-communicating electric digital meter.
  
5. **Failure to Make Timely Payment.** Any Customer who fails to make timely payments towards the Customer's bill in accordance with the provisions of Rule 5(B) twice in any 12-month period shall not be eligible for service under this NSMO Rider.
  
6. **Evidence of Tamper.** If the acts of the Customer or the conditions upon the Customer's Premise are such as to indicate to the Utility that the Customer intends to defraud the Utility or the Customer tampers or interferes with the operation of the Utility's Meter, the Utility may deny any request for, or revoke, service under this NSMO Rider.
  
7. **Right of Access.** The Utility may deny service under this Trial NSMO Rider to any Customer who, twice in any twelve month period, interferes with the Utility's right to access the Customer's Premise as provided for in Rule 16(A)(5) or Rule 16(D). The Utility shall provide any such Customer 30-days notice of the Utility's intention to install a standard meter.

**APPLICABLE**

The NSMO Rider is available to Customers who receive Domestic Service, subject to the special terms and conditions set forth in this Schedule. This NSMO Rider is offered on a trial basis. The Utility will make a filing with the Commission to either update the Trial NSMO Rider or a proposal to end the Trial NSMO Rider and a transition plan no later than April 1, 2016. Similar to any tariff rate, the rates set forth below may be changed by the Commission following an appropriate filing by the Utility.

**TERRITORY**

Entire Nevada Service Area, as specified.

**DESCRIPTION OF SERVICE**

A Customer who receives Domestic Service may request the Utility to provide non-standard metering service to the Customer's Premise pursuant to this NSMO Rider. Provided that the Customer meets the requirements set forth in the Special Condition section of this NSMO Rider and within a reasonable time of receiving such request, the Utility shall grant the request to provide non-standard metering service.

**RATES**

NSMO

\$0.00 – Initial Fee;  
 \$0.54 – Per Meter Per Month

All rates charged under this NSMO Rider are in addition to charges, rates and fees contained in the Customer's otherwise-applicable rate schedule ("OARS"). Service under this NSMO Rider shall commence following the date of meter installation. Accordingly, the Utility shall include the full amount of the Initial Fee and the Per-Meter-Per-Month Fee on the Customer's first bill following installation of the non-standard meter.

**METERING EQUIPMENT**

The non-standard meter option is a non-communicating gas meter. The Utility shall remove and refrain from installing a communication module that communicates with the Utility's advanced service delivery network.
